<b><u>Why Easton Chose Bay College:</u></b>	<p><i>"It's been my dream to play basketball in college for as long as I can remember. And it has been a journey full of ups and downs, I had to keep faith in my dreams and push through feelings of doubt and times when it seemed nothing was going my way. I chose Bay College because Coach Johnson expressed a lot of interest in me and told me about the opportunities that Bay College can offer, that a lot of other places cannot. When I visited campus, I instantly could see myself being here. I'll be the first to say it, I had a disappointing varsity basketball career, I never felt like I could be who I am as a player and person and display the countless hours of work that I've put in to possess the skills I have today. And just from talking with Coach Johnson for only a couple of hours, I received the most trust and belief from a basketball coach than I've ever had in years of high school. This is a major reason why I chose Bay College. I'm very grateful for a fresh start to my basketball career, and I'm excited to get to work and see what the future holds."</i></p>
