<b><u>Why Meghan Chose Lakeland University:</u></b>	<i>"After visiting Lakeland, I fell in love with the campus and the people there. Everyone was super supportive and friendly, and it was obvious that the coaches, current players, and professors are exactly the type of people who will help push me to become the best version of myself. That combined with excellent academics and the opportunity to conduct research related to my major early on in my college career made it easy to choose Lakeland as the place to further my education and athletic career."</i>
