<u>Why Siena Chose Bay College:</u>	<p><i>“When I went to visit Bay College the coach that recruited me gave off good energy and made me feel right at home. Not too long after I found out that he resigned and I got a new coach. I got to meet him and instantly knew he wanted to help me get better. With not being far from home and also being able to do what I love most, I knew Bay College was where I wanted to take my next step in life.”</i></p>
